Explanation and Use of Department Special Provisions

00250S Prebid Conference

Use whenever a prebid meeting is required to discuss and explain project requirements and special features.

02742S Project Specific Surfacing Requirements

Use when there is any type of asphalt paving in the project package.

02924S Invasive Weed Control

Use when a project has the potential to introduce or spread invasive weed species. Contact the Region Landscape Architect for guidance.

Explanation and Use of Materials Special Provisions

Contact the Materials Division or Region Materials Engineer (RME) for Materials Special Provisions. Dates for Materials Special Provisions are not included on the Table of Contents files to allow update as needed. Add date as required for included Materials Special Provisions.
